

Credit Task: Evidence Above and Beyond Learning for the Unit

Overview of the task

You need to demonstrate and provide evidence of going above and beyond in this unit.

Submission Details

- `credit_evidence.pdf`

Instructions

For C grades and above, you will be expected to complete the above and beyond tasks from the unit. This submission is for you to report on units above and beyond tasks.

1. When you have completed the Above and Beyond tasks, create a document that demonstrates how you went above and beyond as follows.

Provide a short executive summary stating why you think you went above and beyond for each module.

Provide evidence of how you tackled each problem, this should generally be evidence of writing code and what the result is, but can also include presentations, photos, screenshots, code, mindmaps or anything else.

You should also comment on how could you apply what you have learnt going forward.

2. Export this document as a pdf e.g. `credit_evidence.pdf`.
3. Submit all required files to [OnTrack](#).
